Connecticut

EARLY VOTING

Nearly 80% of Connecticut voters support early voting

**43 states offer in person
early voting options**

**(including 6 states with all-
mail elections, making it
unnecessary for them)**

**Connecticut lags behind
most of the nation**

**More than 650,000 voters
voted by
absentee ballot in the 2020
CT General Election—which
means they voted early on
their own schedules**

**Some may prefer
to vote early but in person**

**Nearly 70% of
Republicans, 90% of
Democrats, 80% of
unaffiliated Connecticut
voters support allowing
early, in-person voting**

**Younger voters who are
eager to participate may find
it hard
to miss valuable time in the
classroom or at their new job**

**Legislators in both the state
house and state senate must
pass (by a simple majority in
this case) a proposal to amend
the state
constitution to allow early
voting so voters can then
approve it in the 2022
statewide election**

**Many voters work 2 or 3
jobs just to keep their
families afloat
and need more options
than just a single day to
get time off for voting**
